## OFFICE OF INSTITUTIONAL RESEARCH, PLANNING, AND INFORMATION MANAGEMENT

The College of Charleston's *Planning and Reference Fact Book* is a structured presentation of information about the university that is frequently requested by students, faculty, staff, trustees, alumni, and others. Being responsible for the development and maintenance of data resources to support planning, budgeting, institutional effectiveness, compliance, and policy-making, the Office of Institutional Research, Planning and Information Management developed this Planning and Reference Fact Book in 1996, as an enhanced and restructured version of the previously-produced Fact Book.

This document captures student information through fall semester 2018 and fiscal year data through June 30, 2018. Some pages may contain data as recent as spring 2019. Institutional Research and Planning appreciates the efforts of all involved in producing this information.

An online version of the Fact Book can be found at <http://irp.cofc.edu/facts-and-publications/PRFB-Main-Menu.php>. The online version is updated dynamically each semester and therefore contains the most recently updated reports.

We invite your comments regarding the 2018-2019 Planning and Reference Fact Book and welcome suggestions for future editions.

## **College of Charleston**

### **Board-Approved Mission Statement**

The College of Charleston is a state-supported comprehensive institution providing a high-quality education in the arts and sciences, education and business. The faculty is an important source of knowledge and expertise for the community, state and nation.

Consistent with its heritage since its founding in 1770, the College retains a strong liberal arts undergraduate curriculum. Located in the heart of historic Charleston, it strives to meet the growing educational demands primarily of the Lowcountry and the state and, secondarily, of the Southeast. A superior undergraduate program is central to the mission of the College of Charleston. As a prominent component of the state's higher education system, the College encourages and supports research.

In addition to offering a broad range of baccalaureate degree programs, the College incorporates the University of Charleston, South Carolina (UCSC), established by state statute in 1992, which serves as a research institution where the graduate and research programs associated with the College are housed. UCSC provides master's degree programs and anticipates offering a limited number of doctoral degrees should location and need warrant. The College also provides an extensive credit and non-credit continuing education program and cultural activities for residents of the Lowcountry of South Carolina.

The College of Charleston seeks applicants capable of successfully completing degree requirements and pays particular attention to identifying and admitting students who excel academically. The College of Charleston serves a diverse student body from its geographic area and also attracts students from national and international communities. The College provides students a community in which to engage in original inquiry and creative expression in an atmosphere of intellectual freedom. This community, founded on the principles of the liberal arts tradition, provides students the opportunity to realize their intellectual and personal potential and to become responsible, productive members of society.

*The Mission Statement (also called the Statement of Purpose) has been approved or revised by the State College Board of Trustees or the College of Charleston Board of Trustees on January 16, 1974; March 12, 1986; January 16, 1991; February 15, 1994; July 13, 2006; July 23, 2014; and August 25, 2014.*
