Purpose/Reason for the Policy

I. POLICY STATEMENT:

The College of Charleston, as a state entity and public body, seeks to comply with all provisions and exemptions contained within the South Carolina Freedom of information Act ("FOIA"), as codified within sections 30-4-10 et. Seq. of the Code of Laws of South Carolina, (1976) as amended. The purpose of this policy is to provide guidance regarding the College's procedure for responding to requests for records which are "public records" as defined within the South Carolina Freedom of Information Act. The Office of Legal Affairs will examine all FOIA requests to determine whether they are subject to exceptions, such as those seeking information for commercial solicitations. The College will then make a good faith effort to make available documents that are not subject to a FOIA exception, within the allowed time frame established by law. Calculations of time shall be pursuant to the terms as set forth within the South Carolina "Freedom of Information Act", as amended

The office of Legal Affairs is available to provide guidance and advice to College officials, employees and administrative divisions, in their official capacity, which receive requests for public records under FOIA.

This policy applies to all faculty and staff members of the College of Charleston and supersedes any prior policies which may be in effect.

Caution should be used to avoid disclosing any confidential or nonpublic information, such as protected health care information, information subject to privilege, information subject to a privacy exception, and/ or student records protected by FERPA.

Individuals about whom requests have been made, may be notified of the requests and of the information released, by the Office of Legal Affairs.

POLICY: Parties or entities seeking public records under FOIA from the College of Charleston, or any of its Departments or sub-entities, are asked to submit a dated request in writing, to avoid disputes regarding exactly what is being requested, the date that it is requested, and to assure that the documents provided are properly responsive to the request.

A. Requests:

All FOIA requests received shall be directed to the Office of Legal Affairs for formal response, although other offices and divisions may be asked to gather the documents being requested from the College.

The Office of Legal Affairs shall examine the public records request and shall respond within the time frame as set forth under the South Carolina Freedom of Information Act, as amended, regarding said request. The response may consist of copies of the materials requested, a denial or partial denial of the request with explanation of the reasons for the denial, or an acknowledgement of receipt and an estimate of the costs associated with

making the materials ready for production or inspection, along with a request for a 25% deposit, as allowed by law. Requests should be handled in the course of regular office business hours, with a goal of responding within the time set forth under the Freedom of Information Act, if possible. If it is not possible to provide the records requested within the time frame under the Act, the requestor will be provided a written response within that time frame advising them of a reasonable time estimate as to when the documents can be produced and a request for an extension. If no extension can be agreed upon, the parties are free to seek the interventions as referenced within the Act. The documents will be forwarded to the requestor upon becoming available for distribution, provided that any advance payment required by the College has been paid and received.

B. Costs:

The College may provide an estimate of the costs for providing the public records and may require, prior to commencing work, advance prepayment of 25% of the estimate regarding the cost of fulfillment, including redaction, prior to search and production. On matters where charges are to be assessed, the following base rates will be applied, and may be amended and updated without prior notice, to reflect the actual costs incurred by the College in responding to such requests:

- a. A search, retrieval and processing fee, per request, as allowed by statute, to convert paper documents into electronic form for transmission;
- b. A photocopy fee of 25 cents per page for standard, letter-sized, copies, where paper copies are provided. (Note: actual costs may be charged for special copy and reproduction needs, such as photos, ledger size documents, DVDs, CDs, thumb drives, or blue prints);
- c. The actual costs of the lowest paid employee duly qualified to locate, redact, if necessary, and produce the records requested, excluding review to legally determine if the documents are subject to disclosure. This charge shall be calculated by multiplying the hourly rate of the employees by the amount of time necessary to locate, redact, if necessary, and produce the final documents.
- d. Actual full cost of postage and delivery;
- e. If the FOIA request requires development of a computer program or running an existing program to respond, the charge would be based on the costs associated with the actual cost of the process and development of the program.
- f. Charges may be assessed for both photocopying and the associated/ administrative staff time, for photocopying in excess of 25 pages.

g. In its sole discretion, the College may elect to waive minor production costs regarding responses that the College determines are very small or inconsequential production requests.

All costs related to providing responses to FOIA requests shall be billed, collected, and retained by the College. A 25% deposit of the cost estimated by the College, in its sole discretion, may be required in advance, prior to searching for and copying or producing the records. If prior payment is required, the search for records will not be initiated until payment has been paid and received by the College

After the project is completed the final response to the request will not be released until full payment of the remaining balance, after credit for the 25% deposit, has been made.

All fees are payable by check or money order made payable to the College of Charleston and delivered to: College of Charleston, Office of Legal Affairs, 66 George Street, Suite 302 Randolph Hall, Charleston, S.C. 29424.

Internal Procedure:

All FOIA requests shall be forwarded from the office receiving the request to the Office of Legal Affairs for review, immediately upon receipt., noting upon the cover sheet the date and time received. As FOIA requests are time critical, time is of the essence, and the prompt forwarding of requests, within two (2) business days of initial receipt of the request, is required. After the involved department timely gathers the records and information requested, once the request has been approved by the Office of Legal Affairs, all responsive materials shall immediately be forwarded to the Office of Legal Affairs for final review and redaction, if necessary, prior to a formal response being generated. All materials must be forwarded to the Office of Legal Affairs at least five (5) working days prior to any final deadline date, to allow sufficient time for document review and redaction, if necessary, prior to release. Responses may be made by e-mail, fax, or U.S. mail and may be in either paper or electronic format. If a request is made electronically, it is acceptable to respond in the same format.
